OS Facebook Agreements
Last updated April 29, 203

1. Needs of people on the ground come first.
2. We use inclusive language.
3. We stay on topic:
   a. Sandy Updates
   b. Occupy Sandy volunteer information
   c. Occupy Sandy Press
   d. Climate Change News - preferably well-known sources
   e. Mutual Aid
4. Anything that is read is either responded to or asked about in the fb chat feed
5. Introduce articles with a quote from the article rather than a personal opinion about the article
6. We try to always post photos with text, ideally one photo every 40 mins or so
7. Everyone in the FB group work their butts off answering stupid messages. We support each other in all the time and effort volunteers have put in to this, and will continue to put in. SOLIDARITY
8. When offering advice about the page, we agree to use non-violent communication: Using I statements, and asking not ordering. <3
9. Before sharing a post with financial related proposal (fundraisers, requesting donations, party fundraisers, wepays.. etc..) seek approval of people by posting on admin page first, If people are generally cool, post it immediately, otherwise wait till there's buy in. Discuss in chatroom
10. Do not repost personal updates on the main page without checking in with the person first
11. Changing the status of managers on the admin list is to be decided by consensus of everyone who is a manager. Likewise, changing the status or adding a new content creator is decided by the team by + or - vote.
12. Content Creators are required to post a minimum of four (4) posts per month to remain active or should ask for removal.
13. Content Creators and Page Managers are required to be members of the OS FB Official Consensus group. This is the designated location for official consensus voting and discussion. The group is to be managed by Occupy Sandy FB page managers.
14. Posts by other page administrators that are deleted or hidden are to captured by screen shot with comments and shared for discussion at the OS FB Official Consensus group. This is also preferred method to discuss potential deletions and hiding of a post by another administrator before deleting/hiding or for discussing the page refraining from similar future posts.

--THIS SECTION HAS BEEN ALTERED TO REMOVE PRIVATE SHARED GOOGLE DOC LOCATIONS---

USEFUL LINKS FOR COORDINATORS

http://interoccupy.net/occupysandy/locationadd
Use this form to add a new location to the website.

http://interoccupy.net/occupysandy/locationupdate

NEEDS to an existing location.

http://interoccupy.net/occupysandy/volunteerrequest/
Use this form to send a volunteer request to go out in the next email to the all the
volunteers.

To suggest a change of content on the website (homepage, one of the community
pages, ass a resource, etc) please email SandyWeb@interoccupy.net.

Grievance procedure
If an individual violates the rules stated in the fb document, the violation can be
determined diplomatically or brought to a vote. A vote is not automatic, it must be
called for by a member.

If the violation is brought to a vote, and 70% of admins/content creators agree
that it was a violation, a standing warning is issued. This warning stands until
another member (not the individual with the warning) calls for the warning to be
revoked.

If an individual with a standing warning has 70% of the admins agree that the
individual has violated the rules, then that individual's admin privilege is revoked,
(so they become content creators with standing warning).

Voting process: screenshot of the violation is posted on the admin page for 24
hrs, and all individuals must vote + or - whether they agree the violation is truly a
violation.
